

FRED2500

AUTOMATION. FOR EVERYONE.

The barrier to entry for AGVs has been broken.
Introducing FRED2500.

FRED IS YOUR MOBILE PRODUCTIVITY POWERHOUSE.

- Works hard and without breaks, 24/7/365
- Solves labor-shortage issues and employee-training investments
- Employees no longer need to transport materials, freeing them up for other tasks
- Handles dangerous tasks to help reduce workers' compensation claims
- Drives near-instant business results thanks to the quickest ROI you can find from an AGV

FRED IS REMARKABLY SIMPLE TO SET UP, USE AND MAINTAIN.

- With easy-to-install magnetic tape as its guide, you'll be up and running in 90 minutes
- Path adjustments are even easier and quicker than initial setup
- Doesn't use WiFi or GPS, so there are never any connectivity issues
- Stops immediately for objects in its path using safety lasers, then continues when clear
- Requires no programming, expensive IT support or software maintenance agreements

FRED IS EXTREMELY FLEXIBLE IN ITS ABILITY TO SOLVE YOUR CHALLENGES.

- Works in any warehouse or indoor space to serve many applications
- A variety of customizable ways to move goods on and off its platform
- Manages a multitude of load types with 2,500 lb carrying and 5,000 lb towing capacities
- Low-profile, 11" height makes it suitable for jobs other AGVs aren't
- Reconfigure its path at any time to free up floor space or change projects

FRED IS BUILT LIKE A TANK—INSIDE AND OUT.

- Powered by the industry's most robust wheel drives to decrease maintenance, breakdowns and downtime
- Super-strong, large, long-lasting wheels easily handle the rigors of repetitive motion
- Durable steel construction and smart design makes it nearly impervious to damage

AUTOMATION'S ONLY ROI GUARANTEE.

With FRED's proven track record of rapid ROI, we offer all qualified customers a two-week trial at our cost. Contact Doug Strong at 215-661-1002 to learn more and schedule your trial today.
